## PASSES SENTENCE ON FEATHERSTONE

Judge Condemns to Death Man Found Guilty of  
Murder of Mary Dalton—Prisoner Says  
He Is Innocent.

**N**ANAIMO, B. C., Oct. 22.—(Special)—You are to be taken to the common jail at Victoria from whence you came and there to be hanged by the neck until you are dead, on the twelfth day of December next.

With these words Justice Morrison today pronounced sentence on Robert Stiles Featherstone, found guilty of the murder of Mary Jane Dalton, after 25 minutes deliberation by the jury. All day crowds thronged the court to witness the concluding scenes of the murder trial. This morning Featherstone went in the box and read a long statement setting forth his actions on the day before and on the day of the tragedy. In a clear and firm voice he stated his movements from early morning until arrested. The most sensational feature of the statement was that he claimed to have seen another man quarrelling with the murdered girl just prior to her death.

The prisoner has been ably defended by Col. Gregory and Russel Simpson, the former making a brilliant appeal for his client.

Exactly 25 minutes after the judges charge the jury returned and announced their verdict.

"The jury have come to a decision, my lord," said Sheriff Drake; and shortly afterwards the twelve men solemnly filed into their places. Featherstone was ushered in and took his place.

In the short interval before the foreman was asked for the decision, Featherstone keenly studied the faces of the jurors as if to learn his fate, running his eye along the two lines of sober-faced men.

Foreman Jones rose in his place, and, in a low tone, with catch in his voice, said: "We find him guilty."

All eyes in the courtroom instantly turned to Featherstone. The prisoner stood up to hear the sentence and when the foreman had spoken not even as much as by the quiver of his lips, which

had worked once or twice nervously as the jury took their places, did he manifest any signs of distress. In fact he stood up straighter than is his custom. With his shoulders squared and his head thrown back defiantly he showed more of his Mounted Police training than he has done since his arrest.

In a clear voice, penetrating to the farthest corner of the room, Featherstone said: "I am in the same position as Captain Dreyfus, and apparently am unable to prove that I am innocent. I am unable to prove it, but as God is my witness, I am not guilty of this charge."

After a slight delay the prisoner asked to make a statement, which privilege was granted. In it he said: "I don't put any faith in Karl Berg. In his evidence he says I made a statement about this poor, unfortunate young lady as a bad woman, and the evidence goes to show that there were only three people present when I was introduced to her—myself, her father and the girl herself. Again, Karl Berg stands in the witness box and says he resigned from the company. Against that I put Mr. Muir's sworn evidence here that he was discharged. If he stands up, then, and says that, what will he say against me? That's all the statement I have to say, my lord."

Justice Morrison, in sentencing Featherstone, said: "In my estimation you have had a fair trial. Your counsel with ability and ingenuity defended you, and the crown has presented your case with impartiality. You are to be taken to the common jail at Victoria, from whence you came, and there to be hanged by the neck until you are dead on the 12th day of December next."

Standing up, listening to the sentence, Featherstone displayed the admirable nerve he has shown throughout the trial, and marched away between his guards with a determined air.

## AMERICANS AROUSE LITTLE BROWN MEN

People of Japan Resent Treatment of Countrymen in United States

Tokio, Oct. 22.—The anti-American agitation here is growing so intense that the government is greatly alarmed. A prompt repudiation of the anti-Japanese sentiment in the United States by the government of that country is necessary to avert a crisis here that would result in the destruction of the friendly political, financial and commercial relations between the two countries. The recent refusal of the authorities of California to allow Japanese children to attend the public schools is largely responsible.

The American protest against the Japanese programme in Manchuria, the killing of Japanese seafarers, the murder of the Japanese bank president in San Francisco, the Hawaiian exclusion policy, the public attacks upon Prof. O'Malley and Congressman Kahn's scheme, all of

## RAMSAY MACDONALD'S VIEWS ON CANADA

Thinks Dominion Has Come to Learn Advantage of Protectionist Policy

London, Oct. 20.—Ramsay MacDonald, the labor whip, who recently visited Canada, discusses in the Chronicle the Dominion and the preference, saying the national spirit is the axiom which determines the fiscal policy. In Canada it is Canada first, and let no one mistake it. The Dominion read Chamberlain's first fiscal speech forecasting free trade in the empire with shrieks of laughter. In working out what she conceives to be her industrial destiny, Canada is much more conscious that she has the States as a neighbor than England as a mother. In industrial Ontario the feeling regarding the States is one bordering on flight, while at Winnipeg there is more bracing fiscal atmosphere. The West would take free trade tomorrow, though at election time it accepts the inevitable.

Mr. McDonald strongly criticizes the Manufacturers' association, declaring that, while it is pulling wires at Ottawa to get Premier Laurier to increase the duties against Britain, it had emissaries in England asking a special conference for Canada. Until the free trade workmen and the farmers combine, the association will continue to exercise an undue influence on Canada's tariff policy. The chief result of this policy is only too evident. Canada is rapidly becoming the dearest country in the world to live in, and by and by only millionaires will be able to settle in the Dominion. If a change is made in her policy, it will not be from imperial sentiment, but because free trade will pay her best. As one of her most trusted ministers said to him: "Don't try and exploit; let it alone; it may be capricious." That sentiment and desire of the government would play a popular part if they gave a preference, but Canada has no intention of allowing that preference to thwart her own industrial development.

Premier Denkin, in announcing the Australian government's policy at Ballarat will declare the ministry's first duty will be to continue a drastic revision of the tariff and carry British preference scheme.

The Gazette contains the official announcement that Deylin resigns his seat for Galway by acceptance of the stewardship of the manor of North Shields.

Sydney Watson, leader of the opposition in the Australian house, speaking at North Botany, declared in favor of perfecting the existing tariff in the direction of making it protectionist.

The Morning Post continues to devote considerable space to the question of imperial defense urging the necessity of federation, if only for the purpose of war, which would involve the abandonment of the fatal desire for limited liability.

Mr. McBride laid before the conference the following declaration:

"I protest that the question of British Columbia's claim upon the Dominion government for a reference should not be considered by the conference, but that it is a question between the government of British Columbia and the Dominion government."

It was proposed by the Hon. Mr. Whitney, seconded by the Hon. Mr. Murray:

"That in view of the large area, geographical position and other exceptional features of the province of British Columbia, it is the opinion of the conference that the said province should receive a reasonable additional allowance for the purpose of civil government, in excess of the provisions made in the Quebec resolutions of 1902, and that such additional allowance should be to the extent of one hundred thousand dollars annually for 10 years."

Saturday, 13th October, 1906:

It was moved in amendment (to Mr. Whitney's motion) by Mr. Scott, seconded by Mr. Rutherford:

"That the following words be added to Hon. Mr. Whitney's motion respecting exceptional treatment to British Columbia:

In view of the very exceptional conditions of settlement existing in the provinces of Manitoba, Alberta and Saskatchewan, each of the said provinces should be granted for a period of 10 years, an allowance of fifty thousand dollars per annum in excess of the subsidies provided by the Quebec resolutions of 1902, as amended."

At this stage Hon. Mr. McBride withdrew from the further proceedings of the conference, and the conference dividing on the above amendment, it was lost on division.

It was resolved: "That a meeting of the prime ministers of the several provinces of Canada be held each year to consider matters of common interest, and that every such meeting shall be convened by the prime minister of the province of Ontario and the prime minister of the province of Quebec."

LIVES LOST IN WRECK.

New Orleans, La., Oct. 22.—The Sun-Sentinel, on the Southern Pacific, which left New Orleans for California at 11:55 a. m., was wrecked near Boutte, La., 25 miles from New Orleans, this afternoon. A number of persons are reported killed. Beyond the fact that the train was derailed, the Southern Pacific officials said they had no information.

SUSPECTED OF MURDER.

Sydney, N. S., Oct. 22.—Timothy O'Brien, proprietor, and James Masters, bartender, of the Empire Hall, were arrested on Saturday evening in connection with the death of Allan McIntyre on Wednesday night last. McIntyre was found dead on Thursday morning in the storage room in the basement of the hotel with his face mutilated beyond recognition, and it was then supposed that the man had been attacked

by rats, with which the house was infested. Circumstances have come to light since which the crown believed warranted it in apprehending O'Brien and Masters. The present charge is manslaughter, but it may possibly be charged to murder.

TORE THEIR FLESH.

"My children were taken with an itching, burning skin disease and tore their flesh until it was sore, and their shirts would sometimes be wet with blood. The doctor did not seem to know what ailed them and could give no relief, so I began using Dr. Chase's Ointment. Whenever it was applied it did its work well and has entirely cured them of this terrible disease."—Mrs. Lois McKay, Tiverton, Digby Co., N. S.

# STILL AT DEADLOCK OVER LICENSE BYLAW

On Re-Introduction of Measure  
at Council Tie Vote Is  
Again Recorded

A CATHOLIC CEMETERY ARRANGED FOR

A Plot of Ground Adjoining Ross  
Bay Has Been Set  
Apart

The motion to reconsider the Liquor Licence Bylaw was adopted at the meeting of the city council last evening, but when the second reading was moved, the vote was a tie, and the bylaw is now in the same position it was before being reconsidered.

The first business before the meeting was a communication from the trustees of the Odd Fellows' Union, asking that the permanent sidewalk that is to be laid on Douglas street, between Yates and Johnson, should not be undertaken until the correct grade had been ascertained, otherwise a suit for damages will be instituted, pointing out that the proposed grade would make the floor five inches lower than the sidewalk.

Ald. Stewart was of the opinion that arrangements could be made to meet the property owners. He moved that the matter be referred to the city engineer and street committee, which was carried.

Ald. Yates as chairman of the committee had no objection to meeting the club.

It was decided to meet the club at the next regular meeting of the council.

R. Jackson asked what the city intended to do with the eastern portion of the Cameron property on Government street.

Ald. Vincent moved that he be informed that the city is open to receive offers for the property. Carried.

The Canadian Service and General Colonization Association of Montreal asked for information regarding the number of permanent sidewalks already laid and those to be laid during the next two years. Referred to the city engineer.

Margaret Field called attention to the damage that had been done to her property, 120 Blanchard street, by the permanent sidewalk that had been laid. Referred to the city engineer.

H. Stadthagen asked permission to place a totem pole in front of his premises on Johnson street, pointing out that permission had been given to Mr. Landsberg and Mr. Aaronson.

Ald. Fullerton desired to know why the wishes of the council had not been carried out. He thought it was not a square deal that one merchant should receive permission and another not. He wished to know what steps should be taken to remove the poles.

Ald. Yates—An axe.

His Worship said he was in favor of granting permission to all who wanted it, provided it did not take up any more space than those already in position.

Ald. Douglas said he was in favor of granting permission. Victoria is a tourist city and it must maintain curiosity shops.

Ald. Fell referred to the time when boxes and barrels were allowed on the street, and said it was a backward step to allow merchandise on the sidewalk. He was opposed to granting permission.

It was moved by Ald. Stewart that permission be not granted, which was carried.

Ald. Stewart moved that Mr. Aaronson be notified to remove his totem pole within seven days, failure to remove to cause the city to take action. Carried.

The city clerk reported the receipt of communications from J. B. Colbert, J. A. Van Tassel, W. E. Shakespeare, Watson Clarke, Wm. Ross and A. J. C. Galletly which had been referred to the street, sewer and bridges committee.

The plumbing inspector reported that the sewer connections with the Work Estate drain had decreased 53 per cent. during the last two years and when the sewer is completed the number will be considerably lessened.

The report was received and filed.

The finance committee presented ac-

counts amounting to \$7,307, which were received and ordered paid.

The cemetery committee presented the following report which was adopted.

Gentlemen: Re commendation of Archibishop with regard to acquiring lot 8, adjoining Ross Bay cemetery, for cemetery purposes, your committee appointed to inquire into the above-mentioned subject beg to report as follows:

Your committee met His Grace Archibishop Orth and agreed to the following arrangements, subject to your approval:

The property to be deeded to the city for the use of the Roman Catholic church for cemetery purposes upon payment of \$1,000. The Anglican church property of the cemetery is held, except that the property shall be divided, the front fence thereof built and all necessary walks and roads made at the cost of the Roman Catholic church, the fence on the east side to be built next year at the joint expense of the city and the said church. The property to be subject to the regulations of the city dealing with cemetery matters.

Your committee would therefore recommend the adoption of the above arrangement, and that the city solicitor be instructed to have the necessary documents drawn up to carry the same out.

The only tender for printing the voters list was received from the Victoria Printing Co., for \$1.74 per page.

The tender was accepted.

Four tenders for debentures were received and referred to the finance committee and city auditor.

Ald. Stewart moved that Ald. Goodacre be appointed acting mayor during the absence of His Worship from the city, which was carried.

On motion of Ald. Yates seconded by Ald. Vincent, the water works bylaw was reconsidered and the date changed from Thursday, November 1st to Monday, November 5th.

It was moved by Ald. Hall, seconded by Ald. Fell, that the liquor licence bylaw be reconsidered.

Ald. Yates wished to know if the motion was in order.

It was decided that the motion was in order.

The motion was carried. His Worship, Alds. Fell, Hall, Fullerton, Vincent and Davey voting in the affirmative; and Alds. Goodacre, Stewart, Douglas and Yates in the negative.

Ald. Fell then moved that the bill be read a second time.

Ald. Douglas called attention to the statement of Ald. Fell that many of the clauses in the bylaw had to be eliminated. He thought that the matter should be left over till the election.

Ald. Vincent said he did not care to vote for the second reading and moved an amendment that it be referred back to the committee. He pointed out that the committee had stated that it should be altered, and he could see no reason why the committee should not make the alterations.

Ald. Stewart seconded the motion stating that the bylaw was too big and it was impossible to understand it.

Ald. Fullerton wished to see the second reading gone on with, stating that the clauses that were not required could be eliminated in committee.

Ald. Yates suggested that a report should be obtained from the licensing board regarding the alterations that were required.

Ald. Fell said when it was said that the bylaw could not be understood, it was not correct, as he thought that it was very plain. He said that those who were objecting were those who the law would touch. He stated that he had been waited on by three who had been affected and each one of them had one definite objection.

The amendment by Ald. Vincent was lost. Alds. Goodacre, Stewart, Douglas and Vincent voting the affirmative.

The vote for the second reading was negative on a tie vote. His Worship, Alds. Fell, Hall, Fullerton and Davey voting affirmative and Alds. Goodacre, Stewart, Douglas, Yates and Vincent in the negative.

It was decided to accept the offer of J. W. Church for the lot belonging to the city on Niagara street after which the meeting adjourned.

IS YOUR TROUBLE INDIGESTION?

Then probably you know the evils of distension, fermentation and irritation that accompany digestive troubles. Next important is to know how promptly Nervine cures. Quick as winks it relieves bloating and feeling of fullness, puts the entire digestive apparatus in perfect order, makes you feel fit and fine all over. For internal pain Polson's Nervine surpasses every known remedy. Keep it in the house always, it's a source of comfort in the hour of emergency. Large bottles for 25c at all dealers.

FROM GRAVEL TO GOVERNOR.

It is said that the beginning of the political career of Gov. Hanley of Indiana, was apparently by accident. The governor started poor in tow pants and no galluses, quite ignorant of book lore, but studied, taught school and reached a point of scholasticism where he was doing fine, digging ditches, when called to politics. This proved his downfall as a ditcher. Many another has been ruined by the same cause. Had he stuck to the shovel he would have made himself a monument recitative of his deeds and rivaled only by an obelisk—modest but becoming, like the sleeper beneath it—in a central Michigan burying ground. The epitaph as reported reads thus:

"Who lies here? Who do you think? Billy the ditcher. Give him a drink! Give him a drink as you pass by!"

For Billy, the ditcher, is always dry."

Commentators who have seen the inscription refuse a positive opinion whether the clause "is always dry" has reference to "Billy's" spiritual state. Probably not.—Milwaukee News.

## HINDUS YEARNING

### TO GO BACK HOME

Claim That Misrepresentations  
Were Made Respecting Con-  
ditions in B. C.

In view of the very great amount of interest taken in the question of the influx of Hindus by the labor unions of Victoria the following from the Vancouver News-Advertiser of Sunday, is reproduced:

"The Hindu problem seems to be gradually settling itself. Yesterday 100 more of the unemployed round the city were shipped up-country where work had been found for them. So far as the police know none of those already shipped out have yet returned. The shipping out of yesterday's contingent materially lessens the strain on the civic authorities, as it reduces the number of the unemployed by over two-thirds. Six of the contingent that came in on the Empress of India have been marked for deportation on account of ill-health.

"Some of the Hindus have been claiming that they are here as a result of the representations made to them by money lenders in their own country. They say that these men represented to them that British Columbia was a country in which they could easily become wealthy, and they have thus induced them to mortgage their little possessions to secure the passage money. The borrowers have besides to pay interest at the rate of 85 per month till the principal is repaid. They want to send back a portion of their countrymen back to warn others against being caught in the same way, and the Socialists say they will petition the government to provide funds for that purpose."

## CONCLUDE SEASON'S WORK IN NORTH

A Number of Government Officials  
Come Down on Steamer  
CAMSUS

H. Carmichael, provincial government assayer, returned on the Camosus after an absence of over two months in the north. Mr. Carmichael was despatched by the premier on a special mission of inspection to the mining properties and new discoveries in the region of Gardner's inlet, the Portland canal and the Queen Charlotte group, the result of which will shortly be made public.

Among other passengers by the steamer Camosus were G. Cuppage and C. W. Roberts of the provincial lands and works department, who have been spending some months in prospecting and surveying in the Bulkley Valley district; also George Munro and W. Beck, representatives of an Ottawa syndicate operating in the Omineca mining belt on claims previously owned by the "Forty-third" company of Ottawa, which contained the development of the gold claims upon which Mr. Munro has recently discovered the old river bed upon which shafts have been sunk with very satisfactory results. Mr. Beck brings with him some nuggets up to \$80 in value, the result of this season's work.

### MUNICIPAL ELECTORAL LISTS.

October 31 will be the last day upon which persons entitled to vote at the municipal elections in Victoria can register. It should be borne in mind that every person not assessed on real estate must register in order to be in a position to vote. The questions likely to be in issue in municipal politics during next year are many and important. It is said that considerable activity is being shown in certain quarters in getting names upon the list. For the first time in many years there is likely to be a very keen contest for the control of the municipal affairs of Victoria. To a certain extent the personal ambition of a few gentlemen is responsible for this, but the real reason is to be found in the character of the questions with which the next City Council must deal. To this the Colonist has not the least objection to make, but on the contrary it regards the new interest taken in the affairs of the city as very commendable. Municipal affairs would be in a very much better condition than they are at present if the public at large had not in the past displayed so much apathy in regard to them. Therefore we urge that the registration shall be large, so that the next City Council may be made as representative a body as possible.

### AGAINST THE PROVINCE.

The hostility of our evening contemporary to everything suggested by any one else in the interest of the province is developing into a craze. Some weeks ago the Colonist suggested that if the Dominion government would either surrender the 3,500,000 acres which it is entitled to select in the northeastern part of the province, or choose land not likely soon to be occupied, it would only be simple justice. To this suggestion the Times opposed columns of sarcasm, and utterly refused to endorse it. When Mr. McBride declined to accept \$1,000,000 in driblets as adequate compensation for the exceptional permanent burdens borne by the province, the Times assailed him with sarcasm, vituperation and misstatement, although in taking this position in relation thereto it flies in the face of the leader of its own provincial party. On Sunday the Colonist expressed the opinion that public men in the East did not appreciate British Columbia, and instanced the probability of delay in the completion of the Grand Trunk Pacific through this province as proving it. That there has been delay in beginning the work of construction, not even the Times can deny; that it is possible that the company may ask for an extension of time in which to finish the road is not outside the bounds of possibility; and that no one in the East thought it of the slightest importance to provide a time when work should be begun in this province is a matter of record. To say these things is not to attack any one; it is simply to give expression to an unfortunate fact—a fact that we should all labor to remove in the quickest possible time. But all the Times finds in it is an excuse for exhibiting more of its characteristic malvolence. This is very unfortunate. There are a sufficient number of political questions for us to differ upon, without disagreeing in print upon the matters upon which in conversation every man in the province is of the same mind. We repeat that our contemporary appears to have developed a craze.

### THE PROVINCE MISREPRESENTED

The Toronto Globe has a keen sense for anything to the disadvantage of British Columbia. Its latest discovery is that "Systematic land-grabbing" is being practiced here, and that even the loose distinction which the province established between pasture and agricultural lands is said to be ignored. To this follows a homily upon the unreasonableness of asking for better terms while the heritage of the country is being squandered. It may be too much to ask the Globe to correct its misrepresentation?

### THE OTTAWA CONFERENCE.

Among the matters dealt with at the inter-provincial conference was the abolition of the tax on commercial travelers. The resolution adopted recommends the repeal of the laws now in force, with the exception that the repeal shall not affect any licence "payable under any act concerning the sale of intoxicating liquors."

A second resolution recommends that the provinces shall make no discrimination in respect to taxation between companies incorporated under local status and those incorporated under the laws of the Dominion. Mr. Whitney, premier of Ontario, and Mr. Murray, premier of Nova Scotia, while not objecting to this resolution, indicated their desire to consult their colleagues before assenting to it.

Another resolution recommends that annual conferences of provincial premiers be held, to be called by the prime minister of Ontario jointly with the prime minister of Quebec.

Mr. McBride does not appear to have been present when these matters were discussed, as far as we understand from the official announcement given out to the Toronto press.

Other subjects which came up were: The matter of the boundary of Manitoba, which is to be heard by the Do-

## 73 GOVERNMENT STREET, VICTORIA

minion government on November 12th, and Ontario and Quebec are expected to be represented at the hearing; the control of the fisheries, which was left in abeyance; technical education, which the premiers agreed was purely a provincial matter; the organization by the Dominion government of companies with purely provincial objects, which the Ottawa authorities were requested to watch very closely; the succession duties, which will be equalized if possible, and there is to be correspondence between the several provincial governments on the subject.

On the whole the conference does not appear to have accomplished very much, if, as some of our Eastern exchanges seem to think, the attitude of British Columbia will prevent action from being taken on the financial resolutions adopted. It is impossible to read the expressions of opinion in the papers supporting the federal government in the East without surprise at the tone adopted by them towards British Columbia. They appear to be unanimous in thinking that it was a piece of impertinence for this province to ask simply for what is her due. Although the premiers all admitted the principle for which the province contends, that is the principle expressed in the resolution, moved in the legislature in 1905, by Mr. McBride, seconded by Mr. Macdonald and unanimously adopted, the papers referred have only the language of abuse to apply to the representative of the province for his refusal to accept temporary assistance.

The whole base of our claim is the permanent nature of the conditions out of which it arises. We are not so poor that we must suffer for the lack of \$100,000 a year for ten years. Yet because our representative would not accept this, he is assailed with very scant courtesy.

This spirit of itself is not calculated to make further conferences a success.

The proposal of the Executive of the Conservative Association to give Hon. Mr. McBride a reception on his return, is both timely and proper. Mr. McBride has fought a good fight for British Columbia, and he deserves and will receive the thanks of all those who appreciate what the rights of the province are.

The Times says: "The Colonist is determined, for reasons best known to itself, to force the purchase of the Goldstream property upon the ratepayers of Victoria." This is untrue. The trouble with the Times is that it has got itself into such a mess in discussing better terms that it has nothing but abuse for everyone.

A letter mailed in England and addressed to a lady resident in Victoria as follows: "Mrs. —— Postoffice, British Columbia, Canada, came as far as Vancouver, and from that point was re-

turned to the sender. Presumably this is in strict conformity with the postal regulations, but it seems hardly consist-

ent with common sense. Vancouver is not the whole province, and it might have occurred to the postoffice people there that if the letter were forwarded to Victoria, it might have reached its owner. There are parts of Canada, where postal authorities exercise a little judgment in matters of this kind.

Dr. R. J. Wickstrand, of Ottawa, is nothing if not audacious. We use the word in its best sense. He told the St. George's Society at the Capital recently that the time for the necessary and natural extension of this territory belonging to the Dominion of Canada had arrived, and for this purpose he wants to see liberal terms offered to induce Newfoundland to join us. This is modest enough and lacks originality; but the Doctor goes further. He wants us to ask Denmark to give us Greenland, a request which might not be absolutely rejected. He then thinks that we ought to ask the United States for Alaska, and that part of the state of Madia lying north of the 45th parallel, and forming substantially the area which Lord Ashburton surrendered some sixty years ago. Having secured these things, he proposes that Canada shall make a bargain with the Czar for a tunnel or a line of car ferries to connect the Canadian railway system with that of Siberia. His ambition stops at this. He has not proposed that we shall acquire Siberia, although there is about as good a chance of our getting it as there is of Uncle Sam handing us over Alaska for a consideration. Of course, Alaska ought to belong to Canada, and it might have been ours if the British statesmen of forty years ago had known a good thing when they saw it. They were offered the territory by Russia, but declined it. W. H. Seward was more farsighted. He was secretary of state at Washington when Alaska was on the market, and he bought it for \$7,200,000. But if British statesmen blundered, they had plenty of company, for when the Alaska purchase was before the United States Congress it was denounced by leading public men as little short of madness.

The whole base of our claim is the permanent nature of the conditions out of which it arises. We are not so poor that we must suffer for the lack of \$100,000 a year for ten years. Yet because our representative would not accept this, he is assailed with very scant courtesy.

118 Yates Street

Thoroughly Reliable 'Phone No. 1191

Ask your dealer for Amherst Solid Leather Shoes.

Purchased Farm.—J. Copeland, of Calgary, has acquired the fine farm of Mr. Tilley, of South Saanich, the price paid being \$5,500. Mr. Copeland will pursue general farming.

Ivy Leaf Club.—The dance under the auspices of the Ivy Leaf Club, which was announced to be given on Monday evening will be held at the Victoria Hall, Blanchard street, tomorrow evening.

Visiting Braves.—Chief Capilano and Chief Charlie Cowichan, the two Indians who visited London last summer and met King Edward spent yesterday in the city visiting the Indians of the Songhees tribe.

Potato Digging Machine.—For the first time on Vancouver Island, a new potato digging machine is being used by Dean Bros., at South Saanich. The capacity of the machine is 1,000 sacks per day. It was manufactured by the Hoover Groot Co., of Avery, Ohio.

Butterfield-Plewin.—The wedding took place on October 17th at Port Simpson, of John Claude Butterfield, of Leeds, Yorkshire, and Gertrude Evelyn, eldest daughter of John Plewin, gold commissioner for Skeena district. Rev. G. H. Riley was the officiating clergyman.

Sale of Work.—All who attend the sale of work at First Presbyterian church tomorrow afternoon and evening are promised a most enjoyable time. The goods offered for sale will be especially attractive. Refreshments will be served and a good musical programme has been arranged.

Pioneer's Funeral.—On Sunday afternoon at 3 o'clock the funeral took place of the late Charles Pardoe from the parlors of W. J. Hanna to St. John's church. Rev. J. Stanley Ard conducted appropriate services and the following as pallbearers: Messrs. A. McGregor, W. McKittrick, J. M. Read, Geo. Cowthers, J. Thompson and J. McKenzie. Many beautiful floral emblems were presented by those attending.

Developing Coal Measures.—Among the passengers to Vancouver on the steamer *Camomile* on Saturday was James Hyland, who has been in charge of the work on the coal lands of the Transcontinental Exploration Syndicate. During the summer a party has been steadily at work opening up the view. The coal is semi-anthracite and there is promise of immense beds. The work will be continued next season on a larger scale.

Young People's Union.—At Vancouver last week, the Young People's Union of the Baptist church, held its provincial rally in Mount Pleasant Baptist church. The following officers were elected: President, Rev. E. LeRoy Dakin, B. A. Victoria, and also president of the Provincial Christian Endeavor; vice president, Samuel J. Clarke, Mount Pleasant; secretary, A. Perry, of Emmanuel Baptist church, Victoria; treasurer, D. A. Turnbull, of New Westminster.

Patriotic Concert.—The anniversary of the battle of Trafalgar will be celebrated by the Victoria branch of the Navy League in the rooms of the Y. M. C. A. this evening with an appropriate concert. The chair will be taken at 8 o'clock and several prominent citizens will deliver loyal and patriotic addresses, while instrumental and vocal music will also be included in the programme. No admission fee will be charged, nor will there be any collection, and it is expected that there will be a good attendance.

Painful Accident.—A fire at Rocky Point.—On the 7th inst., a fire at Mr. Harry Parker's homestead, Rocky Point, destroyed his barn with 90 tons of hay, a mower, spade-harrow, horse-rake and other farm implements. There was unfortunately no insurance on the property and probably \$1,000 would not replace what the fire destroyed or damaged. Some of Mr. Parker's friends propose by subscribing to a fund, to assist him to feed his stock through the coming winter, and also to enable him to replace some of his lost farm implements.

Thanksgiving Services.—The Thanksgiving services held on Sunday at the Sailors' and Soldiers' Home, Esquimalt, were very successful, the decorations being particularly noticeable. Rev. A. J. Bruce in the morning, preached a very impressive sermon. In the evening a preliminary song service was led by Mr. B. Cooper. The Scripture was read by Mr. A. H. Wilkinson, and prayer offered by Serjt. Major Wright. The Rev. J. P. Hicks preached from Matt. xxv. 31. A solo was sung by Mrs. H. Watson, and a duet by Mr. Giffen and J. P. Hicks. This evening the Thanksgiving tea and concert will be held. A great many tickets have already been sold and a large crowd is expected.

Alexandra Literary Society.—The Literary society of the Alexandra club will hold its second meeting of the present session tonight at 8:15 p. m., at the club rooms, Government street. The winter's work opened most auspiciously a fortnight ago with J. W. Laing's most interesting topic: "Egypt, the Land of the Pharaohs." Tonight the subject for papers, and discussion will be "Robert Browning." In order to secure concentration and interest the members are asked to be faithful in their attendance, and are reminded that they can introduce friends for the individual meetings, by paying the small admission fee of 25 cents. This rule applies to the public and hon. members generally, and all persons at all interested are cordially invited. The club is open to both gentlemen and ladies, and the latter are asked to remove their hats for the better accommodation of both speakers and audience.

Esquimalt Club's Smoker.—A most successful smoking concert was given by the Esquimalt Social and Debating Club at the town hall on Saturday evening, there being about 100 members and guests present. Songs were given by D. Saunders, W. Goodwin, T. Alexander, A. Coutts, S. Jasper, B. Cousser, O. Callahan, R. Wise, J. Pauline, D. Grieve, J. Ball, W. Armstrong, violin selections, G. J. Isbister, B. Cousser. A Scotch reel was given by G. Bishop, and H. Cook gave a fine step dance. The concert closed with a duet (violin and piano) by B. Cousser and R. Wise. A vote of thanks was tendered to the entertainers and also to F. Slavin, the chairman, for the way in which everything was so well arranged. It was voted the greatest success Esquimalt had ever had in the line of smoking concert. "God Save the King" was played at 11:30, which enabled the guests to catch the last car for home. The next entertainment will take place next month, and will probably be a dance.

Ladies' Cozy Flannelette Wrappers, worth seeing at \$1.00, \$1.50 and \$2.00, also big range Flannelette Night Gowns, Drawers and Corset Covers. Robinson's Cash Store, 86 Yates St.

Men's large heavy ribbed wool Shirts and Drawers, 75c and \$1.00 each; also heavy Scotch wool at \$1.00 and \$1.25. Fleeced at 50c and 75c. Boys' all sizes and prices. Robinson's Cash Store, 86 Yates St.

### BRITISH EMIGRATION

Mrs. E. P. Arnold-Foster of York, Eng., Now Visiting the Coast Cities

A Sharp Frost.—During the early hours of Sunday morning Victoria and district were visited by a sharp frost, the consequence being that the flowers in the many gardens suffered severely.

Royal Templars.—The Royal Templars of Temperance will meet this evening in the W. C. T. U. parlors. All members are specially requested to be present as important business is to be transacted.

Mammoth Mangols.—W. O. Wallace, the Yates street grocer, is exhibiting some very large mangols, which were grown by Mr. Onakes of Niagara street, James Bay. They are monsters in size and are attracting considerable attention.

Morrison-Haughton.—Rev. W. Leslie Clay, pastor of St. Andrew's Presbyterian Church, at his residence yesterday afternoon joined in the holy bonds of matrimony John Murdoch Morrison and Miss Mary Haughton, both of Victoria, the bride being the daughter of Mrs. Haughton of Superior street.

Farmers' Institute.—F. M. Logan, inspector of creameries and livestock, left this morning for the mainland in the steamer *Charmer*. Mr. Logan will proceed in the first place to Chilliwack and thence along the Fraser valley. His mission is in connection with the meetings of the Farmers' Institutes in these districts and he will deliver addresses at the various points along his line of route.

Another Pioneer Gone.—Henry Simison, of Saanichton, after a lingering illness, passed away yesterday at the Royal Jubilee hospital. Deceased was 78 years of age, and a native of Essex, England, and had been a respected resident of Saanichton for about 54 years. He leaves five sons and three daughters, besides his widow, to mourn his loss. The remains will be at the parlors of W. J. Hanna until Wednesday morning. The funeral will take place from his late residence, Saanichton, at 2 p. m. Wednesday.

Interviewed, Mrs. Arnold-Foster stated that the people aided by her had been successful in Canada, and as a proof of their advancement in this country, referred to the fact that in almost every case they had repaid the sums advanced by her. In the course of her investigation of the question of emigration, she had become acquainted with all the agencies operating in the Mother Country, and was exceedingly pleased at the steps taken to increase the normal flow of colonists to the West. In Ontario she had visited a number of the immigrants whom she had encouraged to emigrate and was pleased to see that they were doing far better than she had ever hoped. One family had particularly encouraged her. The family consisted of a father, mother, and seven children. In England, they were able to earn almost nothing. The father had come to Grimsby, Ont., and had gone to work in the fruit region. He learned that there would be a demand for labor of his children, and by the assistance of Mrs. Arnold-Foster they were all sent out. The family are now happily located in the Grimsby district and are doing splendidly.

Mrs. Arnold-Foster has confined her

attention to the manufacturing regions of the north of England and has succeeded in getting local emigration committees appointed in the four large towns Leeds, Bradford, Halifax and York. The people whom she had sent to Canada were all specially selected by her and a number of them had been personally known to her for some years.

In addition to her own funds, there

was given to her by the Lady Strathearn fund, which she was also employing in the work of aiding worthy emigrants. Mrs. Arnold-Foster has spent some time in the Northwest and has thoroughly inspected every part of the country with a view to future work in the field of emigration in England. Mr. E. P. Arnold-Foster, husband of Mrs. Arnold-Foster is an extensive manufacturer in the north of England and is a brother of Hon. H. A. Arnold-Foster, late secretary to the war office in the Imperial government.

## HEALAL

One of Three  
Things Always Cause  
RHEUMATISM

Do you know the system rids itself of waste matter through bowels and kidneys? Yes, but by the skin as well.

As a matter of fact, the skin rids the system of more urea than the kidneys do. If the skin, or bowels, or kidneys are unhealthy—they won't throw off enough urea. This urea is changed into uric acid—carried by the blood to joints and nerves—causing Rheumatism.

One never inherits Rheumatism. One does inherit weak kidneys, irregular bowels and bad skin action.

## Fruit-a-tives

ON "FRUIT LIVER TABLETS"

will positively cure Rheumatism because they increase the eliminating action of skin, kidneys and bowels—and make these three organs so vigorous and healthy that there can be no urea or waste retained in the system to poison the blood and irritate the nerves.

FRUIT-A-TIVES are fruit juices, combined with tonics—the whole forming the most effective cure for Rheumatism.

50c, a box or 6 boxes for \$2.50. Sent on receipt of price if your druggist does not handle them.

WRITE FOR GIN PILLS

If you have suffered for years with kidney trouble—if you know your kidneys are sick, but have not been able to find any that will help you—or if you suspect that you have kidney disease, write for a sample of GIN PILLS, the pills that cure. We don't ask you to spend a single penny, or promise to spend any. Simply take the box of pills which we send you free of charge. We leave it to you whether or not you will take any more after the sample box is gone.

RAT PORTAGE, October, 1905.  
I was troubled for about two years with kidney trouble, so common among railway men, I doctored in the regular way and took a great deal of medicine, but received no benefit. My foreman recommended GIN PILLS, and I am pleased to state that after taking the first few doses I got relief, and while I am not taking them regularly, if I feel any indications of a return of the trouble, a few doses put me all right again.

CHAS. SIMMONS, C.P.R. Engineer.

This letter is the experience of hundreds. They try doctors and drugs without relief, but they find the cure for their trouble in GIN PILLS. Take advantage of our generous offer. Mention in what paper you saw this, with your name and address, and we will send you, absolutely free of charge, a sample box of GIN PILLS. They are sold by all druggists at 50c a box, or 6 boxes for \$2.50.

I. H. HAMILTON, C.P.R. Engineer.

# TELLS OF FINDING GOLD IN PEACE RIVER

Samples Brought By Mr. Mac-  
donell Are Analyzed By  
Dr. Haanel

John A. Macdonell, C. E., writing to the Toronto Globe from Ottawa, on "Gold in the Peace River," says:

"A few days ago I gave your correspondent an interview shod a copy respondent here an interview concerning the discovery of gold in the Peace River district. Immediately subsequent to this I gave Dr. Haanel some samples which I had brought with me from the Peace River for assay. Dr. Haanel reports that he has examined the samples left with him, and that he finds therein simply iron pyrites. I may explain that I assayed myself, on the ground, samples from three different locations in Peace River district immediately succeeding the location from which the sample I left with Dr. Haanel came. These locations gave me in their regular sequence per ton \$5.70, \$17 and \$32 in the yield of gold. I felt justified upon the basis in claiming the entire location as yielding gold, it being precisely similar in formation and general characteristics. Upon these assays which I made locations were immediately staked upon the ground. This action was based upon the impression that the entire formation would yield similar results. Four locations were immediately staked out upon the ground assayed, and seven above and below the ground assayed. I assumed, as well as those who staked the ground, that similar results would be yielded upon the rest of the formation.

"One of the locations was assayed by the geological survey here and found to contain only iron pyrites. One of the other locations I gave samples to Dr. Haanel. These samples he also found to contain only iron pyrites. The succeeding location is the one on which I secured the assay of \$7.50. The two succeeding locations yielded results substantially as stated above. Taken in connection with the general character of the locations, I deemed these results quite sufficient to base a general estimate upon as to the character of the formation. Three of the locations on the west were also assumed. Two of the locations on the west have already been discounted by an assay made by the geological survey and Dr. Haanel. Three of the locations have been assayed by myself. Four additional locations were assumed and not assayed, although I have reason to believe that they will agree in results with the locations assayed.

"I regret exceedingly that I was led partly into error in the statements which I have to some extent proven to be wrong by the assays made, and which tend to throw discredit upon the entire formation, though there can be no question about the yield of gold upon the three locations, and I believe the balance of the locations will show a similar favorable result, though a test must be now made to determine this and satisfy the public."

to the Caps by the score of 4-1, and it was thought that the Tecumsehs would be able to turn the trick when they met on Saturday last, but they were hopelessly outclassed. Several of the Eastern critics were also surprised by the showing made by the Tecumsehs. When the Tecumsehs along with the Toronto team applied for admission into the National league their application was granted, but they were practically told that they would not be in the same class as the Capitals, Shamrocks, Nationals and Montreals, and it would almost be a waste of time having them in the league. During the season both the Toronto and Tecumsehs played good lacrosse and both arrived in the semi-finals, showing that those who predicted their downfall were somewhat out in their reckoning. The Capitals had an European trip in sight by winning the championship and with this as an incentive they lost no opportunity to win out and although they started off very badly at the first of the season they pulled up remarkably well and towards the close of the regular season they were playing a very fast game. The team will be taken on a trip to Europe by the president of the club as a result of winning the Minto cup.

## WINTER SPORTS

There is every likelihood of stirring times in athletics in the Drill hall this winter. A meeting will be held on Thursday evening next at 8 o'clock to consider the formation of both Rugby and Soccer football teams. It is hoped to be able to enter a Rugby team in the City league forthwith. In addition to these outside sports there will be the usual basketball and possibly a Harriers' club. The sports committee are endeavoring to hit on some indoor sport in addition to basketball of a kind that will engage a larger body of players. All members of the Fifth regiment who are interested in athletics are urged to attend Thursday's meeting.

## J. B. A. A. Meeting

A meeting of the members of the J. B. A. A. will be held this evening for the purpose of arranging for the winter sports. A full attendance is requested as it is important that the matter should be dealt with at this meeting.

## HOCKEY

### Preparing for Nanaimo

The Victoria ladies' hockey team will hold a practice tomorrow afternoon at Oak Bay in preparation for their coming match with Nanaimo. The committee are very anxious that every member of the team should turn out, as it is very important that the players should be in good condition for the game.

## ATHLETICS

### New Records This Year

The 1906 athletic season has witnessed the making of many new marks in athletics. Some follow:

#### Running

Daniel Kelly, 100 yards, 9.35 seconds. W. Baker, 200 yards, 20 seconds. M. W. Long, 400 yards, 4.15 seconds. T. J. Connell, 1 mile, 4 minutes 15.3 seconds.

#### E. C. Carter

5 miles, 25 minutes, 23.5 seconds.

#### W. J. Sherring

Marathon race (25 miles), 2 hours, 51 minutes, 23.35 seconds.

#### Jumping

Ray C. Ewry, standing high jump; 5 feet 5½ inches.

M. F. Sweeney, running high jump; 6 feet 5½ inches.

Ray C. Ewry, three standing jumps; 35 feet 8½ inches.

M. Prinstein, running long jump; 4 feet 1½ inches.

F. B. Bloss, running hop, step and jump; 45 feet 6 inches.

#### Pole Vaulting

Leroy Samse; 12 feet 4 7/8 inches.

#### Weights

E. Flanagan, 16-pound hammer from 7-foot circle, 173 feet 11 inches. J. J. Mitchell, 16-pound hammer head; 125 feet, 9 inches.

Wesley W. Coo, putting 16-pound shot; 40 feet 6 inches.

Alfred Flaw, throwing 16-pound hammer; 165 feet 4 inches.

Ralph Rose, putting 24-pound shot; 58 feet 2½ inches.

J. S. Mitchell, putting 42-pound stone; 28 feet 8½ inches.

J. Flanagan, 36-pound weight from stand without follow; 31 feet 5 inches.

J. Flanagan, 56-pound weight, unlimited run and follow; 43 feet 5 inches.

M. Sheridan, throwing discs; 134 feet 6 inches.

#### Individual All-Round Champion

M. Sheridan, New York.

#### THE CUE.

### J. B. A. A. Tournament Arranged

The drawings in the J. B. A. A. billiard tournament were completed last evening and the matches will now proceed. All interested are asked to take due notice and govern themselves accordingly.

#### FOOTBALL

### Soccer Eleven for England

For the first time in the history of Association football, ten men representing the United States and England will meet in the international competition in England next year. Arrangements have been made for an eleven to England in April, 1907, to play against an all-England team. Only one match will be played, and the date will be governed by the date of the cup tie for the British Association championship. The famous Crystal Palace grounds, which will hold over 100,000 spectators, have been secured for the contest, and the games will take place on the Saturday preceding the English cup tie.

The debate has been in progress for some time. It was intended to wait until after the Pilgrim's second trip, which was planned for November and December, but it has been indefinitely postponed. It is intended to select the strongest team possible in the United States to take to England. The selection of the team will be placed in the hands of a committee comprising the heads of the Association foot-

#### Team for California

The team secured by the Vancouver Football club to represent British Columbia against the Universities of California and Stanford left on Sunday for San Francisco. Those in charge of the arrangements have secured the services of a few of the best players in Nanaimo and Victoria and along with the Vancouver men they expect to be able to show the Americans how the game should be played. The authorities of the two colleges have offered to pay the expenses of two teams to California in order that the students may be shown the fine points of the game and it is very likely that a team composed of Victoria and Nanaimo players will be arranged to visit California later in the season. The outsiders who have found places on the Terminal city team are Newcombe of Victoria, Vicars, Snowden and Roper of Nanaimo. The make up of the team is as follows: Mark Vicars, D. Johnston, E. Marshall, J. Young, C. H. Woodward, E. De Beek, W. Newcombe, E. Snowden, L. Bisham, G. Harris, C. Killam, W. Bajus, Fowler, G. Campbell, D. Ritchie, Roper, E. O'Callaghan, G. Van Horne and R. P. Woodward.

#### FOOTBALL

### To Decide Protests

A meeting of the executive of the Victoria Football association has been called for Wednesday evening at 9 p. m. in the Y. M. C. A. rooms to select four of the official referees to consider protests received from the Victoria West senior team over last Saturday's game and from the Central junior team over the age of certain North Ward players.

#### Team for California

The team secured by the Vancouver Football club to represent British Columbia against the Universities of California and Stanford left on Sunday for San Francisco. Those in charge of the arrangements have secured the services of a few of the best players in Nanaimo and Victoria and along with the Vancouver men they expect to be able to show the Americans how the game should be played. The authorities of the two colleges have offered to pay the expenses of two teams to California in order that the students may be shown the fine points of the game and it is very likely that a team composed of Victoria and Nanaimo players will be arranged to visit California later in the season. The outsiders who have found places on the Terminal city team are Newcombe of Victoria, Vicars, Snowden and Roper of Nanaimo. The make up of the team is as follows: Mark Vicars, D. Johnston, E. Marshall, J. Young, C. H. Woodward, E. De Beek, W. Newcombe, E. Snowden, L. Bisham, G. Harris, C. Killam, W. Bajus, Fowler, G. Campbell, D. Ritchie, Roper, E. O'Callaghan, G. Van Horne and R. P. Woodward.

#### LACROSSE

### Semi-Annual Meeting

In accordance with the bylaws of the Victoria Lacrosse club the semi-annual meeting has to be held during the first week in November. The board of managers have therefore called the meeting for Thursday, November 1st, at 8 p. m. at the Y. M. C. A. rooms when the financial statement for the past season will be presented. It is understood that owing to the poor support given to the games especially the 24th May match, there is a very heavy deficit.

#### Capitals Are Champions

The championship of Canada and the Minto Cup were won by the Ottawa Capitals on Saturday, when they defeated the Tecumsehs of Toronto by the score of 10-2. The result of this game was somewhat of a surprise to the admirers of the Tecumsehs in this city. The first game of the two finals went

to the Caps by the score of 4-1, and it was thought that the Tecumsehs would be able to turn the trick when they met on Saturday last, but they were hopelessly outclassed. Several of the Eastern critics were also surprised by the showing made by the Tecumsehs. When the Tecumsehs along with the Toronto team applied for admission into the National league their application was granted, but they were practically told that they would not be in the same class as the Capitals, Shamrocks, Nationals and Montreals, and it would almost be a waste of time having them in the league. During the season both the Toronto and Tecumsehs played good lacrosse and both arrived in the semi-finals, showing that those who predicted their downfall were somewhat out in their reckoning. The Capitals had an European trip in sight by winning the championship and with this as an incentive they lost no opportunity to win out and although they started off very badly at the first of the season they pulled up remarkably well and towards the close of the regular season they were playing a very fast game. The team will be taken on a trip to Europe by the president of the club as a result of winning the Minto cup.

## IN DEFENCE OF HINDUS.

Representative of Indian Government Now in B. C. Gives His Views.

Interviewed by the Nelson News, Hanibal D. Dara, who is in the Kootenays visiting its mines on behalf of the government of India, said he greatly regretted the attitude which was being adopted towards Indian subjects in the West Coast, and advisedly counseled "freedom upon the assertions which were being made from time to time as to the character, by reputable journals, that should know better."

"It," said Mr. Dara, "the colonials are going to impose artificial restrictions upon the people of Hindustan, why should not these people in this country impose restrictions upon colonials? If the people of India cannot be assimilated here if they are not fit by religion, by caste or race to mingle with colonials, why should not those colonies leave it to nature to decide? It would be case then out of the survival of the fittest. But if there is to be artificial restrictions why should not the Indians be imposed upon?"

"I don't say that it will not be applied," said Mr. Dara, "but I don't want to be quoted as saying so, but it seems to me to be likely that if the matter goes much further, the national congress of India will take up the matter."

The important nature of the deal is further indicated by the fact that this particular holding, which is situated on Dominion lands, is considered the best tract of timber in the interior of this province, and also has certain features which particularly lend themselves to the comparatively easy form of log transportation.

The timber is chiefly cedar of fine quality, white pine and fir, all of an extremely high grade description.

The new owners propose to commence at once, the construction of a railway from the main line of the C. P. R. to the holdings, which is a distance of about three miles, and next spring the erection of a first class and up-to-date mill and other commissaries buildings will be commenced and rushed through to completion.

## Large Logging Contracts

Information is also to hand of an important deal, whereby J. W. Power and Jas. Speirs of Nelson, will immediately commence operations on logging, telephone poles and railway tie contracts, aggregating in all an eventual turn-over of a sum of money amounting to \$30,000 or \$35,000. Operations are to be carried on at Mackinnon's Landing, near Burton City, on the Columbia river, about 65 miles due west of Kaslo. Work, under the terms of the contract will be carried on until the end of the year 1907. The sawlogs will be used by the Big Bend Lumber Co., whose mills are located at Arrowhead. The price paid for these will be \$5 per thousand. The telephone poles and railway ties will be handled by Lindsley Bros., a Spokane firm, who make a specialty of supplying the prairie market with these commodities. The timber is to be taken from several thousand acres of pre-emption controlled by the last named firm. The timber will be used for sawlogs, smaller stuff for poles and ties, so that the sweep will be a pretty clean one. From 20 to 30 men will be employed from the start.

## New Mill at Cranbrook

The North Star Lumber Co., has secured a five-acre tract of land, west of the St. Eugene hospital, at Cranbrook, for a mill site. Some 40 or 50 men were engaged this week in clearing off the ground getting ready for the immediate construction of the mill building.

The mill will have a daily capacity of 60,000 feet.

## IN THE GOOD OLD-FASHIONED DAYS

### Powdered Wigs Formed an Important Adjunct to a Gentleman's Apparel.

It is safe to say that the majority of bald men of today would gladly revive the old, dignified custom if they could. But, they can do the next best thing to it, that is, hold on to what hair they have.

In cases where the hair root or hair bulb has not been completely destroyed by parasites that infest it, Newbrunswick will do wonders in the way of encouraging a new growth of hair, destroy the cause, you remove the effect. That is the successful mission of Hericide. Sold by leading druggists. Send 10c, in stamps for sample to The Hericide Co., Detroit, Mich.

C. H. Bowes & Co., 98 Government St., Special.

## GREAT DEVELOPMENT

### ALL OVER CANADA

### Dominion at Present Time Is a Whirl of Bustle and Business

The Canadian Gazette (London, Eng.) in its issue just to hand contains the following:

"Canada is just now a whirl of bustle and hustle; progress and prosperity seem everywhere, and great development treads upon the heel of great development. Yet we shall not be surprised if an event chronicled alone in a Times Ottawa message of Sunday last is found to be the most momentous Canadian happening of 1906. It notes the advent of a Canadian Labor party, independent of existing political parties, with the following as its modest programme:

"Free compulsory education; a legal eight hour day, with six days to the week; government inspection of all industries; the abolition of the contract system on public works; a minimum living wage based on local conditions; public ownership of all franchises such as railways, telegraphs, and waterworks; taxation reform, a lessening of the impost on industries and an increasing of the burden on land values; abolition of child and female labor in mines, workshops, factories, etc.; Chinese exclusion; union labels on manufacturers and all government and municipal supplies; abolition of the property qualification for public office; voluntary arbitration in labor disputes; proportional representation with grouped constituencies; direct legislation through the initiative of a referendum; prohibition of prison labor in competition with free labor, and state insurance for old age and sickness."

With organization and such a programme, Labor may soon be made to speak with a decisive voice in Canadian politics, especially if the labor politicians is content to eschew "boudle" and keep clean hands.

It is especially to be noted that "Chinese exclusion" figures in this new labor programme, and we suspect that for "Chinese" may here be read "Oriental," not even excepting the importation from India, at which British Columbians are so much concerned. That the labor policy is not without authoritative support at Ottawa, we have the testimony of the Hon. William F. Templer, Dominion minister of inland revenue, who speaking at Victoria on September 12, referred very strongly to the agitation for Chinese labor by the fruit-growers of Kootenay, and appealed to the Liberals not to countenance a step which would undo the great work they had accomplished. He himself

was opposed to the introduction into Canada of any settlers who would herd in communities and not become Canadians."

## AN OINTMENT With a Record

### There are, we believe, few, if any, preparations which have such a remarkable record of cures as has Dr. Chase's Ointment.

Some have been cured of eczema, salt-sore, tetter, psoriasis, or other torturing forms of itching skin diseases.

Some have found this great ointment the means of healing old ulcers and sores which for years had defied any other treatment.

Others have obtained cure for chapping skin irritations or eruptions, and poisioned skin.

THE WEATHER

HOTEL ARRIVALS

Meteorological Office  
Victoria, October 22—8 p. m.

SYNOPSIS.

The weather which has been abnormally bleak over this country for some days is slowly failing, and the present fair spell is likely to give place to unsettled weather. The winds are moderate from the eastward along the coast. Fine weather extends across the Dominion to the Great Lakes.

TEMPERATURE.

	Min.	Max.
